## What Caught the Eye of a Drummer

To the Editor of the Ocala Banner.

In the course of business I stopped for a few hours at a small station near Ocala called York. As I had not until then heard of the possibilities of that section, I was surprised to find trucking so far advanced, and carried on with so much intelligence. I did not have but a limited time to spend, so did not see anything but those places which were in the immediate vicinity of the station. Among them, I noted in particular the fine cucumber patch owned by Mr. S. F. Jones and the tomato field of J. J. Calhoun & Co. They have also a very fine lot of cucumbers and cantaloupes, but they are particularly successful in bringing on tomatoes, as I must say that their tomatoes are far in advance of anything I have seen in this part of the state and I have taken particular notice of the vegetable crop, as that is connected with my business.

I understand that there are truck farms a little farther from the railroad than I visited, that are quite their equal, but, as I have already mentioned, my stay was limited, and however much I wished I did not get to see them. Until the present they have had very poor facilities for shipping, but there is to be a decided improvement this season, and that will act as a very decided encouragement to this industry. I intend to keep my eye on this place and will keep you informed as to its progress.

## Brown's Candidacy.

The exclusive announcement in the Tribune of yesterday of the candidacy of C. M. Brown, of Ocala, for Governor will create a stir throughout the state. Mr. Brown is an able and popular man, and will doubtless develop much strength. He will at least, enjoy the distinction of running against the most popular and, probably, the strongest public man in Florida—Bob Davis—Tampa Tribune.

There seems to be no apprehension that the poll tax prerequisite for voting will be repealed.

## MOSS BLUFF NEWS

Easter services were held in the Congregational church here Sunday.

D. B. Lewis, wife and children from Pinckard, Ala., who have been visiting Mr. Lewis' brother for the past ten days, have returned home. While here Mr. Lewis put in good time fishing of which sport he is very fond. His best luck for one day was two hundred perch and fifteen trout. Up to seven years ago Mr. Lewis was a resident of Marion county. He thinks Florida has made great strides in agriculture in the past seven years and is thinking very seriously of returning.

Miss Susie Lewis, of Ozark, Ala., is also visiting her brother, Mr. John T. Lewis.

Mr. George Blount, of Green Cove Springs, was visiting friends here Saturday.

J. R. Batten was in Ocala Tuesday. Van P. Williamson of Brooksville, was visiting here Saturday.

Crops are all looking well although the dry spell has damaged the beans somewhat.

J. T. Lewis, N. L. Fort and J. R. Batten have shipped a good many beans already. Prices realized so far are very satisfactory, netting about \$2 per crate.

Griggs and Batten are kept very busy with their saw mill. Fort and Tillis are hauling some very fine timber to the river for the Jacksonville market.

Mr. J. A. Pittman, of Ocala, attended the Christian church here Sunday.

Luther Sellers and J. H. Driggers, of Ocklawaha, were visitors here Sunday.

Mrs. H. P. Griggs, after a very pleasant visit to her parents at De Land, returned home a few days ago.

## BUSY BELLEVUE.

Mr. Wells and daughter, after a pleasant visit in town, left last week for St. Augustine, where Mrs. Wells has been in the hospital for several weeks.

A jolly crowd went to North Lake Saturday for a "fish fry", they were joined at the lake by parties from Candler and Ocala. Messrs. Joe Whisenant, Tel Jones and Eugene Hardison and a negro helper went fishing on Thursday and camped out Friday night having a nice pile of fish awaiting the picnickers when they arrived. A few clouds shortly after dinner frightened the majority home but a few remained until after supper when they drove to Freemantle and danced for awhile before starting home by moonlight.

Mr. Daniel Syfers, of Island Grove, spent Sunday in town.

Mrs. Gale and children left Monday for Ocala to spend a few days with Mr. Gale.

Mr. O. A. Turner has gone to Jacksonville on business.

Mr. T. C. Hall, of Ocala, was in town Wednesday, and his son Troy spent Sunday here.

The children rendered an interesting Easter program Sunday evening, and Rev. Mr. Cunner, pastor of the Methodist church, preached an excellent sermon.

Mrs. J. C. Williams and family, of Ocala, have moved into their recently purchased property, the old Mason place.

Mrs. F. E. Bulkley who has been ill is now recovering.

## Concerning Spiritualism.

To the Editor of the Ocala Banner.

I do not think it very commendable to publish articles which inveigh entirely against spiritualism and at the same time refuse to publish truths—truths of which I am positively knowing to.

We all like agreeable diversions sometimes and I think if the Rev. Dr. Haldeman will follow up those evil spirit suggestions he will come back a wiser man. No gospel teacher will emphasize the lie towards another of the same fraternity and ask God in his goodness to sustain him in his incriminations and thus give the lie to facts not at all improbable because they are gradually being lifted out from their expositions of their false beliefs by spiritualism and spirit medium. It makes the galled jade wince.

## Willing to Exchange Properties.

To the Editor of the Ocala Banner.

The representatives of Ocala in her request by petition asking the county commissioners whether or not said body would sell the public square to the United States government to erect a court house and postoffice thereon and if so to fix a price for it, in their presentation of the matter to the board at a special meeting held April 14, assumed that such a sale based upon speculation, or contemplative matters not yet realized would be a good business transaction for the county, and one of said representatives, based upon extensive observation, gave it as his opinion that the court house can be removed intact as a building at a nominal cost, provided the streets are wide enough, and they are, and the county commissioners having postponed action in the premises until their May meeting, as an individual member of the board, I would respectfully submit to all parties interested, that in case the representatives of Ocala will arrange to secure a good and sufficient deed of conveyance of the square known as the John F. Dunn Park, to the county and place the court house intact upon such part of said park as may be designated by the board, and duplicate the fence that is around the court house square by placing such a fence around this square known as Dunn's Park, and provided the people of the county are in favor of it, I will most cheerfully support such a measure of deeding the public square of Ocala for the purpose aforesaid.

## How a Bright Editor Wrote up an Elopement.

An elopement occurred recently at Morriston, N. J. The details of the affair were interesting, but they are not to be compared with the manner in which the Morriston correspondent for the New York World described the affair. Instead of writing a dry report of the elopement, this correspondent took his pen in hand and finally sent over the wires the following graphic description: "Susie Hulbert, young and fair, with hazel eyes and golden hair, rosebud mouth and dimpled cheeks, her whole appearance sweet and meek, has left the town with young Frank Dey, a youth of aspirant ones high, but barely old enough to wed; so village gossip all have said. She's sweet sixteen, he twenty-one, and now they're dodging pa and gun; for yester night they ran away, riding on the dapple gray. A church affair was in full swing and Frank said, 'It's the very thing; we'll shake the town this very light, and give the old folks quite a fright.' So off they went upon the nag which pa used with plough and drag, and that's the reason he's so mad—it's knocked him out of farm work bad. Susie's grandmamma says she'll all forgive if they'll return and with her live. She's sent that word to all near by, but up to date has no reply from either Sue or Mr. Dey."

## Horticultural Society's Excursion.

The annual meeting will be held in Miami May 5, 6 and 7—excursion tickets good May 3-11—may be taken in by any responsible white person of either sex. Simply send one dollar to the secretary, post office box 224, Jacksonville, Fla., and he will mail you a certificate of membership, good for one year, which will secure you the low rates, rail and hotel, free excursion at Miami and a copy of the elegant yearbook when issued. Rates, one cent a mile each way on the G. S. & F. and F. E. C., one and one-half cents on the other roads. A rare opportunity to see the most interesting and novel part of Florida.

## Another Stetson Organ.

John B. Stetson is to have a newspaper in order to combat the sentiment against him which Rev. J. C. Porter of the Baptist Witness is creating over the state against the founder of Stetson University. Some few days since the announcement was made from Gainesville to the effect that a Baptist paper was soon to be established at that place. Word now comes from that city to the effect that the paper has been contracted for and that it will be one of the best publications in the state. It is also stated that the paper is to be fed by Mr. Stetson and there are excellent reasons for believing that this is the case. As a matter of course this statement is to be denied, but the facts will appear as soon as the paper has been in circulation for any length of time.—Tampa Tribune.

We were favored with a call from Editor Frank Harris of the Ocala Banner. Unfortunately, for us, we did not see him. The readers of the Times will remember that Editor Harris refused to be nominated for the office of governor of Florida, preferring the permanent joys of the editorial chair to the transitory ones found in the governor's seat of office.—Sarasota Times.

Senator Carson, of Osceola, is being spoken of as an aspirant for congressional honors from the Second district. Senator Carson is an able man and should he decide to enter the race he would make it exceedingly interesting for Barrs of Duval and Alexander of Volusia, who are already candidates.—Tampa Tribune.

## Parents' Responsibility Great

It is the right of every child to be well born, and to the parents it must look for health and happiness.

responsibility, and how important that no taint of disease is left in the blood to be transmitted to the helpless child, entailing the most pitiable suffering, and marking its little body with offensive sores and eruptions, catarrh of the nose and throat, weak eyes, glandular swellings, brittle bones, white swelling and deformity.

How can parents look upon such little sufferers and not reproach themselves for bringing so much misery into the world? If you have any disease lurking in your system, how can you expect well developed, healthy children? Cleanse your own blood and build up your health, and you have not only enlarged your capacity for the enjoyment of the pleasures of life, but have discharged a duty all parents owe to posterity, and made mankind healthier and happier.

There is no remedy that so surely reaches deep-seated, stubborn blood troubles as S. S. S. It searches out even hereditary poisons, and removes every taint from the blood, and builds up the general health. If weaklings are growing up around you, right the wrong by putting them on a course of S. S. S. at once. It is a purely vegetable medicine, harmless in its effects, and can be taken by both old and young without fear of any bad results.

Write us about your case, and let our physicians advise and help you. This will cost you nothing, and we will also send our book on blood and skin diseases.
